## YMCA LED ENRICHMENT CLASSES

CLASS	DESCRIPTION
Animal Art	Have fun making lion mosaics, paper mache penguins, clay owls, puppy puppets, and under the sea watercolor illustration all while learning about the animals and their habitats before creating.
Around The Globe	Let's explore the taste, sights, and games of the world around us. Activities will have a global fusion through the arts, delicious food, and a taste of how kids from across the globe have fun!
Board Games	Learn strategy and patience as you play various board games with and against your friends.
Check Mate	Join Y staff as you learn and play the fun game of Chess. This class will teach you not only how to play chess but we'll learn how to use different patterns and skills to check mate!
Discovering Great Artists	Aspire to create masterpieces in the likes of Vincent Van Gogh, Jackson Pollack, and Claude Monet? We will explore the works of famous artists and learn the techniques that make them great!
Dodgeball	Using soft gator balls, we will be exploring many variations of this Kids U classic sport! Learn how to play medic, Jedi dodgeball, pop-up, and so much more. This class is safe and fun for all ages and skill levels.
Forensic Detectives	Put your detective skills to the test! Use forensic clues to piece together a crime scene.
Fuse Beads	Those tiny little beads create hours of creative fun. Use a template, or create your own unique design to melt into a lasting memory.
Geology Rocks	Explore geology in this science based class. Study the earth, rocks, volcanoes, and much, much more!
Get Your Sketch On	This course was designed for beginner artists who have an interest in learning how to draw or sketch -- or simply want to improve their skills. It will cover the tools you'll need and also give you plenty of chances to practice drawing different things, from people, places, things, and then beyond
Global Sports	Itching to play Cricket? Aching for Aikido? Let's play are the most popular and unusual sports from around the world!
Got Hoops?	Dribble, rebound, score! Enjoy a classic winter sport with your friends and Y Staff. Develop good sportsmanship and basketball skills.
Gym Games Galore	In this fun physical club, participants will play classic group games such as capture the flag, kickball, sharks and minnows, and more. The focus here will be sportsmanship, teamwork and participation.
I'm a Poet and I Know It	In this exciting class we'll do beautiful art of poetry. Learn about different types of poetry and creating through the art of words.
Jump In!	Jump rope is a wonderful lifetime fitness activity. Join us as we learn and practice single rope skills, partner routines, double dutch jumping, group games, and more! All ages and skill levels welcome.
Kickball	It's kickball like never before! We will practice footwork, entertain stealing bases and totally have a ball.
Kids Create	Students will use creativity and gain artistic skills to create a variety of fun projects like catapults, puppets, and more!
Kids U Historians	Knowing where you're going, is knowing where you came from! This history-rich class will explore the history of the communities we live in through fun projects.
Kids U News	Hear it here first! Become a journalist and report on the happenings at Kids U. You will create a newspaper to publish for the rest of the program!
Kool K'Nex	Explore your creativity with K'Nex! Improve your fine motor skills as you work with these challenging building blocks.
Leaders In Training	In this class, our 4th graders+ will be doing team builders, learning about famous leaders, and learning how to be a leader at Kids U.
LEGO Engineer Challenge	With Legos, the only limit is your imagination! Each week, kids will be presented with a different building challenge, and they will race against the clock to complete it! Different topics on design and engineering will be explored each class using this classic as a medium.
Magic 201	Take your magic to the next level! Come learn creative and new magic tricks to take home and show off to friends and family.
Magnet Magic	The magic of magnets is magnificent! We'll do tons of great art and STEM based projects, all with the help of magnets!

Make and Mold	Let's create! This class is all things that can be molded—clays, doughs, and more! Each week a new sculpting medium and project will be introduced and is sure to be blast.
Math Games	1, 2, 3, games in this class will use and build your math knowledge in a fun laid back manner.
Minecraft Mania	Love Minecraft? Enjoy time with your Kids U friends bringing Minecraft to life with games, projects, storytelling and more!
Ninja Warrior	The Kids U version of the fan-favorite show! Learn the inner ninja inside as you challenge your mind and body.
Pacific Northwest Volcanoes	Did you know our area has many volcanoes. Learn about each one from stories, science and safety.
Playground Games	Four Square, Wall Ball, Lava Monster Tag, Kick the can, and many more classic playground games will be played in this fun, active class!
Puzzle Mania	Challenge your mind in this fun class! Jigsaw puzzles, mazes, and word puzzles will keep them as sharp as a tack.
Reader's Theatre	Love to read? Love to act? This literacy-rich class will also dabble in the art of acting. Shakespeare would be proud!
Smart Art	Explore the world of mathematics through different art projects! At first glance, math and art seem to be worlds apart, but join Y staff as we discover decorative and complex mathematical patterns.
Strings & Things	Friendship bracelets, finger knitting, lanyards, and more! In this class, students will create all kinds of stringy creations that they can take home and share.
Tag, You're It!	Run, run, run as you learn new tag games in this fun and heart pounding class. Explore a new tag game each week focusing on team building, sportsmanship, and fun! From blob tag, to zombie tag, to partner tag and more!
Think Tank	Need a quiet place to get your weekly homework done? Want to explore new STEAM concepts? Then this class is for you! Expand your brain and challenge yourself each week by solving puzzles, mazes, and more as well as getting time to do homework.
Wild Card	Learn to play really fun card games like Crazy 8s, Old Maid, and Cheat!- all using a classic 52 card deck. At the end of the session you'll take home your own customized deck of playing cards
Yoga	Do you enjoy relaxing and stretching? Then Yoga is for you. Learn new Yoga poses each week with one of our Y teachers. Practice breathing techniques to calm, energize, and balance the nervous system, practice flowing sequences, challenging poses, partner and group poses, and deep relaxation.

- **By class participants** will have to re-register and pay each session
- **Enrichment Plan Participants** will not have to re-register each session but will get the opportunity to select new classes each session
- Payment will be processed over the phone once the class selection form is received.
- Forms can be returned to [eastsidechildcare@seattlemca.org](mailto:eastsidechildcare@seattlemca.org)
