YMCA LED ENRICHMENT CLASSES

CLASS	DESCRIPTION
Animal Art	Have fun making lion mosaics, paper mache penguins, clay owls, puppy puppets, and under the sea watercolor illustration all while learning about the animals and their habitats before creating.
Board Games	Learn strategy and patience as you play various board games with and against your friends.
Card Shark	Learn all kinds of card game in this class. We will be using standard 52-card decks to learn go fish, war, garbage and more!
Clay Creations	Time to use your hands and be creative! Clay will be used throughout the session as kids use their creativity and imagination. Each week students will use clay and paints to create a new piece of art.
Cooking in Season	In cooking the season we will be using fresh ingredients that are IN season during the session. Students will be creating lovely soups, pastas, dips and more.
Dodgeball	Using soft gator balls, we will be exploring many variations of this Kids U classic sport! Learn how to play medic, Jedi dodgeball, pop-up, and so much more. This class is safe and fun for all ages and skill levels.
Fantastic Fiction	Develop your inner story teller! Through group games, imaginative thinking, reading, storytelling, and creative writing, you'll write some fantastic fiction.
Floor Hockey	Learn hockey basics and put them to use in scrimmage! All ages and skill levels welcome!
Gaga Ball	Join Y staff as you learn and play the fun game of Gaga Ball, while enhancing teamwork, sportsmanship skills and hand-eye coordination
Game Creation	Create and play board games of your own design! Get ready to make new variations and create your own game and play with friends. Add games made by you to make and then play at the Y. In small groups, we will work together to create a board or card game from scratch.
Group Exercise	Want to try out all those Group Ex classes your parents rave about at the Y? Let's do it! We'll explore Zumba, yoga, aerobics and more, in this fun class that will surely get your heart rate up!
Gym Games Galore	In this fun physical club, participants will play classic group games such as capture the flag, kickball, sharks and minnows, and more. The focus here will be sportsmanship, teamwork and participation.
Hit the Pitch—Soccer	Bring your soccer love out to the field and challenge yourself. All ages and skill levels are welcome in this soccer class. We will be scrimmaging, and playing games like world cup, sideline soccer, and more, while learning basic soccer skills.
Jewelry Making	Bring out the beads and string to creating all sorts of wearable art! Wear your jewelry home or make it for someone special in this interactive class.
Jump In!	Jump rope is a wonderful lifetime fitness activity. Join us as we learn and practice single rope skills, partner routines, double dutch jumping, group games, and more! All ages and skill levels welcome.
Kool K'Nex	Explore your creativity with K'Nex! Improve your fine motor skills as you work with these challenging building blocks.
Learning Lab	Need a quiet place to get your weekly homework done? Want to explore new STEAM concepts? Then this class is for you!
LEGO Engineer Challenge	With Legos, the only limit is your imagination! Each week, kids will be presented with a different building challenge, and they will race against the clock to complete it! Different topics on design and engineering will be explored each class using this classic as a medium.
Magic 201	Take your magic to the next level! Come learn creative and new magic tricks to take home and show off to friends and family.
Make and Mold	Let's create! This class is all things that can be molded—clays, doughs, and more! Each week a new sculpting medium and project will be introduced and is sure to be blast.
Mazes, Zentangles & More!	How amazing are you at mazes? Do you enjoy doodling and drawing? Do you Zentangle, or want to learn how? Engage your mind and your artistic side in this class!

Mind Benders	Tongue Twisters, Riddles, word games, and more! End the day with a new brain teaser based on language and rhetoric skills to take home and play with family!
Mixed Media Art	Explore the world of mixed media through this creative collision of tissue paper, pastels, paints, and more. Each project will have mash-ups of your favorite supplies to create beautiful Mixed Media Art.
Mosaic and Collage Creations	Teeny-tiny materials make big beautiful masterpieces! We'll make a variety of creations in the form of mosaic and collage!
Origami	The Japanese word for paper folding, this art is classic and timeless! Students will be creating fun paper projects every week to take home and share with family and friends. All ages and abilities are welcome to come practice the skill of paper folding with fellow Origami enthusiasts every week. Turn ordinary paper into really cool stuff!
Outdoor Field Games	Let's get outside and play! Get your heart rate up as we have a blast with fun outside games.
Outside Art	Take your love for art outdoors! In this session we'll explore all things art with an outdoorsy twist.
Playground Games	Four Square, Wall Ball, Lava Monster Tag, Kick the Can, and many more classic playground games will be played in this fun, active class!
Rocket Science	3...2...1....Blast off! In this class it IS rocket science! We'll have tons of out-of-this-world-fun activities to help us learn about our Solar System!
Roll the Dice!	This class is full of six-sided fun! Shake, rattle, and roll your way to victory in these games that are all based around rolling dice.
Slimy Science	We always hear "Don't make a mess!" Well, in this class you will be asked too! Slime time is all about making different types of slime every week and taking it home to share with the family.
Sports Sampler	Sports, sports, and more sports! Let's Play! Sample all sorts of sports. Each week features a different sport including basketball, soccer, football, and many more while talking about teamwork and sportsmanship.
Strategize Your Next Move	Learn how to strategize as you play classic board games such as chess, mancala, and checkers as well as newer games such as Stratego and Splendor.
Structures and Building Challenges	Work together to build a different structure each week. The challenge comes from working with unusual building materials and direction. The sky is the limit in this class!
Think Tank	Need a quiet place to get your weekly homework done? Want to explore new STEAM concepts? Then this class is for you! Expand your brain and challenge yourself each week by solving puzzles, mazes, and more as well as getting time to do homework.
Vehicle Engineering	On your marks, get set, GO! Come design different types of vehicles including boats, cars, planes and more. Then we'll put them to the test and race creations in weekly competitions!
Volleyball	Increase your volleyball skills as you play new games with your peers and staff!
Wacky About Washington	Want to know more about the Evergreen State? Learn fun facts about our great state with some unique projects along the way.

- **By class participants** will have to re-register and pay each session
- **Enrichment Plan Participants** will not have to re-register each session but will get the opportunity to select new classes each session
- Payment will be processed over the phone once the class selection form is received.
- Forms can be returned to eastsidechildcare@seattlemca.org
